Professional Summary

Professional Services Delivery Architect with 19+ years delivering cloud and infrastructure programs across BFSI, healthcare, and enterprise clients.

Microsoft-certified across Azure Solutions Architecture, DevOps, and Cybersecurity. Strong focus on secure, governed, and cost-aware Azure foundations (CAF and Well-Architected).

People manager experience at HCL and Accenture (formal performance and appraisal ownership).

Presales contributor supporting technical discovery and solutioning for ~\$5M+ total deal value.

Core Skills

- Azure architecture: CAF landing zones, management groups, policy/RBAC, hub-spoke networking, private endpoints, DNS, WAF, firewall patterns
- Cloud migration: assessment and readiness, wave planning, dependency mapping, cutover planning, Azure Migrate / ASR patterns
- Security: Zero Trust, identity and privileged access, logging and monitoring, threat modeling, security baselines
- DevOps and automation: Terraform/IaC, CI/CD, reusable templates and guardrails
- FinOps: tagging and cost allocation, budgets, cost optimization reviews, executive reporting

Professional Experience

Rackspace Technology | Professional Services Delivery Architect | Oct 2020 – Present | India

- Led end-to-end delivery for enterprise cloud transformation engagements, aligning architecture decisions to security, compliance, and business outcomes.
- Designed and reviewed Azure foundation patterns (identity, networking, governance, and security) to enable repeatable, audit-friendly deployments.
- Supported presales workshops and technical solutioning for multiple engagements totaling ~\$5M+ deal value across BFSI and healthcare.
- Coached and guided architects and engineers (15+), improving delivery quality and reducing rework through shared patterns, checklists, and review gates.
- Partnered with senior stakeholders on roadmap, risks, and trade-offs, including cost governance inputs (tagging, budgets, and optimization actions).

Accenture | Cloud Architect – Tech Lead | Jun 2019 – Oct 2020 | Gurugram (Gurgaon), Haryana, India

- Tech lead for BFSI cloud migration initiatives, translating requirements into deployable designs and execution plans.
- Built reusable IaC patterns and delivery assets to reduce deployment turnaround time and improve consistency across environments.

- Managed delivery teams across geographies, with formal performance/appraisal ownership for direct reports.
- Standardized architecture governance (design reviews, guardrails, and reference patterns) to improve cross-team alignment and delivery predictability.

HCL Technologies | Cloud Consultant | Apr 2014 – May 2019 | Noida, Uttar Pradesh, India

- Delivered modernization and migration planning for enterprise workloads, focusing on low-risk cutover approaches and operational readiness.
- Collaborated with client leads on target-state designs, runbooks, and governance practices to improve stability and operational efficiency.
- People manager responsibilities for direct reports (performance/appraisals) and mentoring for early-career engineers.

Atos IT Solutions (acquired Siemens IT Solutions) | System Engineer | Jul 2009 – Apr 2014 | Kolkata, West Bengal, India

- Delivered infrastructure operations and reliability support for European customers, improving service stability through standard incident and change practices.
- Improved incident triage and troubleshooting workflows, reducing MTTR through better diagnostics and knowledge reuse.
- Supported platform maintenance activities including monitoring, patching coordination, and availability reporting.

Prior experience: Arya Omnitalk Wireless, CommTel Networks

Certifications

- Microsoft Certified: Azure Solutions Architect Expert
- Microsoft Certified: DevOps Engineer Expert
- Microsoft Certified: Cybersecurity Architect Expert
- TOGAF 10 Practitioner (Enterprise Architecture)
- Google Cloud Certified: Generative AI Leader (2025)
- Microsoft Certified: Azure Administrator Associate
- Microsoft Certified: Azure AI Engineer Associate
- Microsoft Certified: Azure Security Engineer Associate
- AWS Certified Solutions Architect – Associate
- ITIL v3 Foundation

Education

- PGDM (Operations Management), IMT Ghaziabad | Jul 2023 – Oct 2024
- B.E. (Electronics and Communication), Rajiv Gandhi Proudhyogiki Vishwavidyalaya | 2002 – 2006

Awards and Recognition

- Rackspace Fanatical Learner (199+ hours upskilling, 2025)
- Atos Champagne Spot Award
- Siemens Merit Reward and Outstanding Performance Award
