

Upendra Kumar

Delivery Cloud Architect | Azure Platform, Migration, Secure Landing Zones

Noida, India | +91 9873260739 | upendra25312@gmail.com | linkedin.com/in/journeytocloudwithupendra | portfolio.upendrakumar.com

PROFESSIONAL SUMMARY

- Delivery architect with 19+ years leading cloud and infrastructure programs across BFSI, healthcare, and enterprise environments.
- Designs secure Azure foundations aligned to CAF and Well-Architected, including management groups, policy/RBAC, hub-spoke networking, private connectivity, DNS, WAF, and firewall patterns.
- Leads cloud migration programs end-to-end: discovery, dependency mapping, wave planning, cutover governance, and validation using Azure Migrate and ASR patterns.
- People manager experience at HCL and Accenture with formal performance and appraisal ownership.
- Presales contributor supporting technical discovery and solutioning for ~\$5M+ total deal value.

CORE SKILLS

- Azure platform: CAF landing zones, governance (management groups, policy, RBAC), hub-spoke networking, Private Endpoints, DNS, WAF, firewall/NVA patterns.
- Cloud migration: readiness assessments, inventories, dependency mapping, migration waves, cutover planning, runbooks, Azure Migrate/ASR patterns.
- Security: Zero Trust, identity and privileged access, baseline hardening, logging and monitoring, threat modeling.
- DevOps and automation: Terraform/IaC, CI/CD, reusable templates and guardrails, delivery quality gates.
- FinOps: tagging and cost allocation standards, budgets, optimization reviews, executive reporting.

PROFESSIONAL EXPERIENCE

Rackspace Technology | Professional Services Delivery Architect | Oct 2020 – Present | India

- Led delivery for enterprise cloud transformation engagements, aligning architecture decisions to security, compliance, and business outcomes.
- Designed and reviewed Azure foundation patterns (identity, networking, governance, and security) to enable repeatable, audit-friendly deployments.
- Built migration readiness assets including application grouping, dependency mapping, wave plans, and validation approach to reduce cutover risk.
- Supported presales workshops and technical solutioning across multiple engagements totaling ~\$5M+ deal value.
- Coached and guided architects and engineers (15+), reducing rework through shared patterns, checklists, and review gates.

Accenture | Cloud Architect – Tech Lead | Jun 2019 – Oct 2020 | Gurugram (Gurgaon), India

- Tech lead for BFSI cloud migration initiatives, translating requirements into deployable designs and execution plans.
- Built reusable IaC patterns and delivery assets to improve consistency across environments and reduce deployment turnaround time.

- Managed delivery teams across geographies with formal performance and appraisal ownership for direct reports.
- Standardized architecture governance (design reviews, guardrails, and reference patterns) to improve alignment and delivery predictability.

HCL Technologies | Cloud Consultant | Apr 2014 – May 2019 | Noida, India

- Delivered modernization and migration planning for enterprise workloads, focusing on low-risk cutover approaches and operational readiness.
- Partnered with client leads on target-state designs, runbooks, and governance practices to improve stability and operational efficiency.
- People manager responsibilities for direct reports (performance/appraisals) and mentoring for early-career engineers.

Atos IT Solutions (Siemens IT Solutions) | System Engineer | Jul 2009 – Apr 2014 | Kolkata, India

- Delivered infrastructure operations and reliability support for European customers, improving service stability through standard incident and change practices.
- Improved incident triage and troubleshooting workflows, reducing MTTR through better diagnostics and knowledge reuse.
- Supported platform maintenance activities including monitoring, patching coordination, and availability reporting.
- Prior experience: Arya Omnitalk Wireless, CommTel Networks.

SELECTED CERTIFICATIONS

- Microsoft Certified: Azure Solutions Architect Expert
- Microsoft Certified: Cybersecurity Architect Expert
- Microsoft Certified: DevOps Engineer Expert
- TOGAF 10 Practitioner (Enterprise Architecture)
- Google Cloud Certified: Professional Cloud Architect
- Aviatrix Certified Multicloud Network Associate (ACMNA)

Additional certifications (details on request/LinkedIn): Google Cloud Certified: Generative AI Leader (2025), Azure Administrator Associate, Azure Security Engineer Associate, Azure AI Engineer Associate, ITIL v3 Foundation.

EDUCATION

- PGDM (Operations Management), IMT Ghaziabad | Jul 2023 – Oct 2024
- B.E. (Electronics and Communication), Rajiv Gandhi Proudhyogiki Vishwavidyalaya | 2002 – 2006

AWARDS AND RECOGNITION

- Rackspace Fanatical Learner (199+ hours upskilling, 2025)
- Atos Champagne Spot Award
- Siemens Merit Reward and Outstanding Performance Award
